

A histogram showing the frequency of the number of children per family. The x-axis is labeled 'Number of children' and has major ticks at 0, 15, 30, 45, and 60. The y-axis is labeled 'Frequency' and has major ticks at 0, 10, 20, 30, 40, 50, and 60. The histogram consists of 10 bars, each with a width of 2 units. The frequencies for the number of children (0 to 9) are: 0: 10, 1: 50, 2: 30, 3: 30, 4: 30, 5: 30, 6: 30, 7: 20, 8: 10, 9: 10. The bars are light blue with black outlines.
