

The heatmap displays a 2D grid with a color scale from 0.00 (dark blue) to 0.05 (light blue). The x-axis is labeled from 0 to 60, and the y-axis is labeled from 0 to 10. The grid shows various patterns of activity, with a prominent horizontal band of high activity (light blue) across the middle. The activity is concentrated in the central region, with some isolated patches of high activity elsewhere.
